*Please note that this course is designed to teach experienced SA/FL installers how to create an Air Barrier using Self-Adhered and Fluid Applied materials. For certification purposes, a minimum of 3000 hours of work experience either directly with air barriers or in applicable related trade experience is required.*

*It is an ABAA policy that each company requires one person trained in the Self-Adhered & Fluid Applied Installer Training course **and** one person trained in the Quality Assurance Program Administrator Course. This can be the same individual.*
